

Admissions Arrangements – from September 2022

The Tapscott Learning Trust (hereon called ‘the Trust’) will continue to follow the arrangements of the London Borough of Newham’s admissions.

The Trust has formed its own admissions committee who make the decision for summer born deferred entry, applications for Education, Health Care Plans (EHCP) as well as other general admissions issues. This committee is made up of Trustees, Governors and Head Teachers, as necessary and more details can be found in the Trust’s Committee Terms of Reference 2020/21.

The process is that the Head Teacher or senior manager of the school presents the facts regarding the deferral or the EHCP plan to a convened panel. A decision is then made by the committee panel rather than the Head Teacher therefore ensuring that there is a common approach. If the case is regarding EHCP, the panel would also include an expert in SEND and, due to the CEO’s experience, it is also suggested that he also be on the panel.

Should an appeal be made the Trust will continue to pay for the local authority’s Pupil Services to represent any findings and the Trust we would provide the necessary paper work.
