This year get more for your money with our partnership

The Newham RSHE Partnership. As the RSHE partnership, we have been able to support each other in our need to comply with the new statutory guidance for RSHE (DfE,2019) but whilst the work will continue in making sure that statutory RSHE is taught well in Newham's schools, it is also important for our pupils to gain knowledge and skills concerning other issues such as economic well-being and citizenship. Going forward you will be able to sign up to The Newham PSHE Partnership. This means that you will get more for your money this year and in the future as the PSHE Partnership will be offering training and advice in these additional areas.

The partnership will cost primary schools with 500 pupils or less £670 for the year, if taken out before the end of May 2022. After this date it will cost £770.

The partnership will cost primary schools with 501 pupils or more £820 for the year if taken out before the end of May 2022. After this date it will cost £920.

> This will be an important part of how we work going forwards in the development of our Young Women and Girls Services including Schools Engagement work. I will ensure this training and knowledge is fed back to the team and embedded in our practice. Thank you to the wonderful leaders for this training

Internal & external compliancy reviews of RSHE

The PSHE Partnership (previously the RSHE Partnership) has spent the last two years preparing schools to effectively deliver RSHE as stipulated by the DfE Statutory Guidance from the DfE. Most schools are doing an amazing job at teaching this new curriculum, but may still feel that they want to ensure that their policy, curriculum content, parent engagement and the confidence and ability of staff to teach RSHE are compliant with the guidance. To support schools in this The Partnership are able to supply schools with three levels of review. Documents have been devised, by way of:

1. A questionnaire for pupils
2. A questionnaire for the RSHE Lead
3. A compliance matrix (which outlines curriculum are as that should be taught and how teaching should be carried out)

There are three levels of review that can be carried out in schools.

1. Basic Internal review

Providing documents for a school to carry out their own compliance review.
These will be licensed to individual schools and should not be shared, even with in MATS.

Cost: £150

2. Supported internal review

Documents provided and then worked through with the Advisor to ensure compliance with the statutory and additional guidance. Support and advice given where needed.

Cost: £350 for half day
£650 whole day

Any additional time needed will be charged at £250 a half day

3. Independent external review

This will include the above, but also a website, policy and curriculum review, pupil consultations, book look and staff discussion. A written report can also be commissioned.

Cost: Bespoke prices arranged depending on the size of the school and the amount of support needed

Understanding Domestic Violence Training

- 11 in 5 teenagers have been physically abused by their boyfriend or girlfriend (NSPCC, 2009)
- Newham has the second highest rate of domestic abuse in London
- 2 women are murdered every week in the UK by a partner or ex-partner
- Young people 16-24 are at greatest risk of experiencing domestic violence
- Young people who witness or are the victims of domestic violence are more likely to join gangs

Newham has the second highest level of domestic violence in London and pupils say that negative relationships are a concern for them. This training will support teachers to find some of the ways to tackle these issues effectively in your schools, either through PSHE, drama, or in a cross curricular approach.

Delivered by the Newham PSHE Partnership team with Tender, an acclaimed charity working with schools across London.

The session will include:

- Up to date statistics and information on domestic violence and it's effects on children and young people
- Bespoke primary strategies and pedagogies for delivering this difficult subject in primary schools
- Bespoke secondary strategies and pedagogies for delivering this difficult subject in secondary schools
