# Our offer this year

With new 2025 statutory guidance for RSHE in schools, published in the summer by the government, means that this academic year is an important one. Schools will need to ensure these changes to the curriculum and policies are in place and carry out a consultation with their local community (including parents/carers) to ensure schools are ready to implement the new guidance September 2026.

Here at the partnership, we will always work for the best of our schools to ensure our pupils gain the knowledge and skills concerning all the diverse parts of our rich R/PSHE curriculum.

By signing up to The Newham PSHE Partnership, you will get more for your money this year as we have kept prices low, even with our costs going up.

In the academic year September 2025 to July 2026, schools' R/PSHE policies will need to be revised and updated, and all schools will therefore need to do a consultation with their stakeholders (from governors, parents, carers and staff). The Newham PSHE Partnership has the experience, expertise and ability to:

- train and advise staff leading on these changes
- keep the SLT up to date with the changes they need to implement
- support schools in leading their consultation well

By joining the PSHE Partnership for 2025-2026 schools will ensure that:

- they are abreast of any developments
- staff are trained and informed and that PSHE is of high quality
- Personal Development in your schools is Ofsted ready under the new framework
- R/PSHE is sensitive, effective and robust, equipping pupils for life in 21st century Britain

Prices can be found on page 13 and are based this year on pupils numbers to make the cost of the PSHE Partnership equitable for all our schools.

# SLT Webinars and Briefings

The Partnership will provide a number of briefings and updates for Headteacher's and senior leadership teams in schools throughout the year. We are committed to ensuring senior leaders have access to our partnership advisors when making key decisions around any changes they need to think through and implement.

Dates to be advised once the DfE guidance has been published.

I feel more confident to share best practice with our staff and ensure that we deliver a quality RSHE curriculum

teacher comment

This will be an important part of how we work going forwards in the development of our Young Women and Girls Services including Schools Engagement work. I will ensure this training and knowledge is fed back to the team and embedded in our practice. Thank you to the wonderful leaders for this training

## Internal & external compliancy reviews of RSHE

The Newham PSHE Partnership (previously the RSHE Partnership) has spent the last three years preparing schools to effectively deliver RSHE as stipulated by the DfE Statutory Guidance (2019). Most schools are doing an amazing job at teaching this new curriculum, but may still feel that they want to ensure that their policy, curriculum content, parent engagement and the confidence and ability of staff to teach RSHE are compliant with the guidance. To support schools in this The Partnership are able to supply schools with three levels of review. Documents have been devised, by way of:

1. A questionnaire for pupils
2. A questionnaire for the RSHE Lead
3. A compliance matrix (which outlines curriculum that should be taught and how teaching should be carried out)

There are three levels of review that can be carried out in schools.

### **1. Basic Internal review**

Providing documents for a school to carry out their own compliance review.

These will be licensed to individual schools and should not be shared, even with in MATS.

**Cost: £150**

## **2. Supported internal review**

Documents provided and then worked through with an Advisor to ensure compliance with the statutory and additional guidance. Support and advice given where needed.

**Cost: £350 for half day  
£650 whole day**

Any additional time needed will be charged at £250 a half day

## **3. Independent external review**

This will include the above, but also a website, policy and curriculum review, pupil consultations, book look and staff discussion. A written report can also be commissioned.

**Cost: Bespoke prices arranged depending on the size of the school and the amount of support needed**

## New to Newham: *Contextualising the context for teaching high quality PSHE*

A half day training to support new teachers to Newham - whether they are an ECT year 1 or 2 or have started teaching in Newham recently.

The training gives teachers an understanding of how to deal with teaching about relationships, sex and health education well.

Providing essential knowledge and understanding of the religious, cultural and ethnic make up of Newham.

### **Date for Training in 2025/26**

Wednesday 3rd December 2025

Time: 1:00pm - 4:00pm

Hybrid meeting on Zoom as well as in person

Thank you so much for such informative RSHE training. It has helped to develop our knowledge and understanding about RSHE. # PARENT/CARER WORKSHOP TOOLKIT

The RSHE partnership is delighted to continue share with schools our 'parent/carer workshop toolkit'. This resource supports schools in their work with parents/carers around RSHE, perfect for working with parents in year 7.

The toolkit and films are in two parts.

**Part 1: Parents/carers & schools and the importance of PSHE/RSHE Toolkit and films**

**Part 2: How to talk to children and young people about puberty Toolkit, Quiz and film**

Marie Hardie, DHT writes: *"The workshops were trialled at Brampton Primary School in the autumn term, 2023. Parents and carers from all year groups were invited to attend (in the toolkit, the letter sent out to parents and carers has been shared). The workshops were very popular and the parents and carers who attended appreciated the opportunity to hear about the importance of PSHE and RSHE from other parents' perspectives. The workshops facilitated the opportunity for participants to discuss any concerns or fears they may have had around PSHE or RSHE and how it is taught in school. This meant that opportunities for good communication between school and parents in this area could be established, promoted and/or consolidated. We think that the workshops would be great to use during policy consultations and with new parents and carers at the start of each new academic year."*

**If you are interested in using these workshop toolkits with the films and resources the prices are:**

**Partnership schools have FREE access to all resources;**

**Non-partnership schools in Newham £150 (for part 1 & 2);**

**Non-partnership schools outside of Newham £200 (for part 1 & 2)**
