

TTLT LEADERSHIP DEVELOPMENT PROGRAMME

Currently in its fourth year, the TTLT leadership programme has been developed to provide opportunities for all TTLT staff to grow and develop necessary leadership skills to fulfil their roles and ready them for the next stage in their careers.

It brings together all leaders at different levels across our schools, providing a rich forum for dialogue and access to specialist providers through the use of termly workshops.

We are working in collaboration with the IOE/UCL this year in creating and delivering the programme for our more senior groups. All leaders at different levels evaluate, consider areas for development and use their time in their role to explore and demonstrate their leadership skills. This is celebrated each year.

If you would like any information on how we can help develop leadership across your school, please contact us or see our Bespoke Leadership package.

Some of the areas we have covered have included:

- Building Effective Teams
- Action Planning for Impact
- Coaching and Mentoring
- Early Leadership Development
- Supporting the development of good teaching and learning and how we support and grow this in our schools
- Theory and practical based research projects

Working together, achieving for all
