## **International Family Week 2023**

Newham is one of the most ethnically diverse districts in England and Wales. At Curwen our International Week recognises and celebrates cultural diversity. It links strongly with our school vision, values and aims, British values and SMSC practices. It helps both adults and children to achieve a sense of pride and gives us all a fuller understanding of what it means to belong to a local community, as well as a wider and global society. Through a week-long range of activities for children and families, including Mini-World, Carnival and Fashion Show, to name a few, we celebrate and learn about cultural diversity.

Parents are highly positive of the event saying;-  
*"It is very important to teach children about culture of other countries and I think Curwen pulled the event off amazingly.."*
