The Amazing Lakes

48 year 5 children from Curwen and North Beckton Primary schools were given the amazing opportunity to attend a 5-day residential course at Outward Bound Ullswater in the Lake District. During their time there the children experienced fun and inspiring activities, that they don't get from home or inside the classroom, and learned how to overcome challenges and develop confidence and self-belief in an outdoor environment.

The week's focus was 'to believe in themselves' and that is exactly what they did. From achieving personal goals such as rock climbing, tunnelling, hill walking and braving the cold water of jumping into Ullswater itself, to teamwork and supporting others in gorge walking, shelter building, nightline and problem-solving games the children excelled themselves. For many of those

attending this was truly a once-in-a-lifetime experience, and one which has given them skills to take forward into everyday life
