The Big Jump

On Saturday 24th June 2023, four people faced their ultimate fears. Joe, Jon, Malar, Taslima and Kristel jumped out of a plane at 10,000 feet. The day started at 5:30am as we left school to arrive at the skydiving centre for 7:30am. Annoyingly, people had camped overnight to ensure they were the first to jump. This meant our slot was around 3pm. You can imagine the tension and anticipation this caused, nail biting was common practice.

Our time eventually came. We clambered into an old, rusty plane which had two flat tyres. The ascent lasted about 10 minutes. Time to jump. Taslima went first and what a start it was! Her loud, uncontrollable laughing and screaming ensured we were all ready for what was to come. Then, one by one, we leapt out of the plane. All we could see was white cloud as we were freefalling into the abyss. Once the parachute was deployed there was a great sense of relief!

Overall, what an amazing day raising money for a fantastic cause.

Prospective families are welcome to arrange visits at any time.
