The Morning Agenda

1

Keynote Speech

Our CEO will open the session by discussing "Why This Training, Why Now?" – exploring the urgent need for neuro-inclusive shifts in our sectors.

2

The Power of Lived Experience

Hear from Lauren, our resident expert, as she shares her lived experience of Autism and how it shapes effective adaptive strategies. What was it really like for her?

3

Training Content Coverage

A deep dive into the core modules of our program, from sensory processing to communication equity. The most up-to-date understanding!

4

Interactive Q&A

A dedicated session to ask Lauren and our team your most pressing questions.

5

Impact to Date

We'll share the data and success stories from our latest implementations to show you the tangible results.

Different brains. Brighter futures.

Why attend?

This is more than just a training session — it's an opportunity to gain practical tools, hear inspiring stories and be part of a growing movement for neuro-inclusive education.
